Mr. Brent Byler, Athletic Director

December 18, 2020

High School Students and Families:

Please review the following new guidelines that will be required for quarantined students beginning the second semester, January 4, 2021.

Quarantined students will continue to access their lessons and assignments via Google Classroom or email unless otherwise directed and parents will receive a phone call from the school if there is additional material to pick up for their student.

If a student has a question about submitting their work they will communicate with the teacher via email, Google Classroom, or a phone call. Students will be responsible for submitting all assigned work by deadlines established by their teachers or upon their return to school. **Exceptions may be made by the teacher if a student has been communicating frequently with the teacher regarding their need for additional help. If there is no communication, then the assumption will be made that your child understands the assigned material and will be turning in their assignments by the due dates established by their teachers.** Quizzes, tests, and other materials that are not able to be done from home are expected to be completed within a timely manner after the student has returned from quarantine.

Teachers will be available to respond to emails and questions during normal school hours.

Thanks for your continued support and I wish everyone Happy Holidays.

Jeremy Swander
Prairie Heights High School Principal
