FOREWORD

This Student Handbook was developed to answer many of the commonly asked questions that you and your parents may have during the school year and to provide specific information about certain Board policies and guidelines. Please take time to become familiar with the following important information contained in this Handbook as each student is responsible for knowing its contents. Please keep the Handbook available for frequent reference by you and your parents. If you have any questions that are not addressed in this Handbook, you are encouraged to talk to your Guidance Counselor or the Principal. This Handbook replaces all prior handbooks and other written material on the same subjects. This Handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the Board's policies and the School's rules as of May 2024. If any of the policies or administrative guidelines referenced herein are revised after May 2024, the language in the most current policy or administrative guideline prevails. Copies of current Board policies and administrative guidelines are available from the building principal and on the Corporation's web site.

STUDENT RIGHTS AND RESPONSIBILITIES

The rules and procedures of the school are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect their rights will be protected and that they will be treated with fairness and respect. Likewise, students will be expected to respect the rights of their fellow students and the staff. Students will be expected to follow staff members' directions and obey all school rules. Parents have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed when concerns arise. Many times it will be the responsibility of the student to deliver that information. If necessary, the U.S. Postal Service, email, or hand delivery may be used to ensure contact. Parents are encouraged to establish constructive communication channels with their child's teachers and support staff and to inform the staff of suggestions or concerns that may help their child better accomplish his/her educational goals.

The staff expects students to arrive at school prepared to learn. It is the student's responsibility to arrive on time and be prepared to participate in the educational program. Adult students (age eighteen (18) or older) are expected to follow all school rules. If residing at home, adult students should include their parents in their educational program.

STUDENT WELL-BEING

Student safety is a responsibility of the students and the staff. All staff members are familiar with emergency procedures such as fire and tornado drills and accident-reporting procedures. Should a student be aware of any dangerous situation or accident, s/he must notify any staff person immediately.

Students with specific health care needs shall submit those needs, in writing and with proper documentation by a physician, to the school office. On occasion the school corporation may use chemicals for pest control, invite animals in the building, or engage in other procedures that may cause someone with severe allergies to become aggravated. If your son/daughter has any issues with items like these, you must submit in writing to the school office what the medical condition is and what reaction it may cause. The school will then make every effort to keep students from being exposed to situations that may cause an allergic reaction.

Based on Indoor Air Quality legislation students are prohibited from spraying perfumes, colognes, or any aerosol products.

EQUAL EDUCATION OPPORTUNITY

It is the policy of this Corporation to provide an equal education opportunity for all students.

Any person who believes that the school or any staff person has discriminated against a student on the basis of race, color, age, disability, religion, gender/sex, ancestry, national origin, place of residence within the boundaries of the corporation, or social or economic background, has the right to file a complaint. A formal complaint may be made in writing to the building principal or Title IX Coordinators.

SCHOOL INFORMATION

CLINIC

A student who becomes too ill to remain in class should be issued a pass by the classroom teacher and then report directly to the clinic. A student will be allowed to stay in the clinic for up to one hour only. Prairie Heights Community Schools Corporation's protocol for head lice:

- There are no exclusion laws for head lice from the Indiana State Department of Health.
- The American Academy of Pediatrics, the National Association of School nurses, the Indiana Department of Education, and a study by Harvard University all support and recommend no student be excluded for lice.
- Any student suspected of having live lice will be checked by the school nurse or designated school personnel.
- An attempt will be made to reach a parent/guardian by phone explaining what was found and asking the parent to treat the student before sending the child back to school. (Although we will not suggest they do so, it is the parent's option to pick the child up early from school).
- A letter will be sent home with the student explaining what was found and asking the parent to treat the student before sending the child back to school.
- Information will be provided to the parent about head lice and nits and methods to eliminate infestations.
- A student will not be excluded from the classroom or the bus for lice.
- Everything possible will be done to maintain confidentiality and protect the privacy of the student.

STUDENT MEDICATION POLICY

Any medication to be dispensed at school must be administered in the clinic and must be in the original pharmacy bottle bearing that original pharmacy label or it will not be given. A note from the parent must accompany the medicine giving the authorized school staff member permission to administer the medication. For safety purposes, the above policy must be adhered to. No exception will be made. If you do send medication in an envelope or some other type of container, it will not be given. Medication must be kept in the clinic office until you come and pick it up. Any over-the-counter medication may not be distributed to the student without authorization from a parent/guardian.

IMMUNIZATION REQUIREMENTS (IC 20-34-4)

Each student shall provide documentation of immunization against diphtheria, pertussis (whooping cough), tetanus, measles, rubella, poliomyelitis (polio), mumps, hepatitis B, and chicken pox as set forth by the Indiana State Board of Health pertaining to adequate dosage and age.

Every child who enters grades 6 through 11 shall also have a meningococcal vaccine. Each child who enters grade 12 will have two (2) meningococcal vaccinations.

For the safety of all students, the school principal may remove a student from school or establish a deadline for meeting State requirements if a student does not have the necessary immunizations or authorized exemption. In the event of a chicken pox epidemic, the Superintendent may temporarily deny admission to a student otherwise exempted from the chicken pox immunization requirement.

CONTROL OF NONCASUAL-CONTACT COMMUNICABLE DISEASES

In the case of non-casual contact communicable diseases, the school still has the obligation to protect the safety of the staff and students. In these cases, the person in question will have his/her status reviewed by a panel of resource people, including the Lagrange County Health Department, to ensure that the rights of the person affected and those in contact with that person are respected. The school will seek to keep students and staff persons in school unless there is definitive evidence to warrant exclusion.

Non-casual contact communicable diseases include sexually transmitted diseases, AIDS (Acquired Immune Deficiency Syndrome), ARC-AIDS Related Complex, HIV (Human immunodeficiency), Hepatitis B, and other diseases that may be specified by the Indiana State Board of Health.

As required by federal law, parents will be requested to have their child's blood checked for HIV and HBV when the child has bled at school and students or staff members have been exposed to the blood. Any testing is subject to laws protecting confidentiality.

PESTICIDE NOTIFICATION REGISTRY

At least 48 hours prior to a pesticide application at a school, Prairie Heights Community School Corporation must provide planned pesticide application details to parents, guardians, and staff members requesting to be notified. You must be registered with the school to receive such advance notice. If you would like to sign up for this registry, please send an email to dholden@ph.k12.in.us requesting to be added to the registry, or by calling 260-351-3214 ext. 5260.

ASBESTOS NOTIFICATION

The Prairie Heights Community Schools regularly completes an inspection of all school facilities for asbestos-containing materials in response to the Environmental Protection Agency (EPA) Asbestos Hazard Emergency Response Act of 1986 (AHERA). Asbestos-containing materials have been found in each of our school buildings. Those materials have been encapsulated or are maintained in a safe condition so as not to pose a threat to inhabitants of any school building. This notice is intended to be part of our district's official public notification as required by law.

The complete management plan approved by the Indiana Department of Environmental Management is available in the superintendent's office, as well as in each building principal's office. The management plan explains that we will maintain the asbestos-containing material in a safe manner and condition.

Trained staff members conduct visual inspections every six months and accredited personnel conduct a complete inspection every three years. The results of our most recent inspection are available for viewing in the administration building during normal business hours. Our maintenance department is available to answer any questions you may have about asbestos in our buildings at 351-3214.

SEVERE WEATHER AND SCHOOL CLOSING

In case of severe weather, **DO NOT CALL THE SCHOOL.**

Parents and students can sign-up through Panther Paw to receive messages regarding school closings, delays and other pertinent information.

VISITORS/SAFETY AND SECURITY

Prairie Heights High School welcomes parents and patrons of the district. All visitors to PHHS must enter through Door #3 and register in the high school office. All visitors will be expected to show valid identification and are expected to wear a visitor's identification pass.

Students from other schools who desire to visit PHHS for the purpose of previewing the school before enrolling must be granted advanced clearance of two (2) days from the principal's office, plus permission of the teachers involved. VISITATION REQUESTS are available in the clinic.

Infant visitations within the building are especially discouraged.

Pets or animals of any kind are not allowed on school grounds or in school buildings during any type of school sponsored event unless granted prior administrative approval.

Students are **NOT** to open the doors for outside visitors.

No skateboarding is allowed on PHCSC property.

DANCE GUESTS

Students may bring guests from other schools to PHHS-sponsored dances. In order to do so a guest form must be filled out and approved prior to obtaining tickets to the event. The following guidelines will apply to all potential guests:

- Students who are expelled from ANY school may not attend.
- If problems arise, both the PHHS student and guest will be asked to leave.
- Administration reserves the right to refuse admittance to any person.
- If the guest is a PHHS graduate and is not over the age of 20, please complete all information on the form except principal's signature.
- Students who have graduated from a high school (not PHHS) within the last two years and are not over the age of 20 may attend with their former principal's signature and they must provide their driver's license number or the number of another valid state issued identification.
- Students who are not currently attending high school or who meet the above mentioned guidelines are not permitted to attend.

FUNDRAISING

The Prairie Heights School Board and/or the building administrator must approve any fundraisers. Fundraisers by school-sponsored clubs and groups may be done during the school day, provided they do not disrupt the educational environment. No one may fundraise/sell at PHCS for personal gain or profit.

CARE OF TEXTBOOKS

All books remain the property of the school corporation. Lost or damaged textbooks must be paid for or replaced by the student, so it is to your advantage to take good care of your books. Please make certain that your name is written in your textbooks in the space reserved for this purpose.

USE OF FACILITIES

Only authorized persons who have submitted and obtained an approved Facilities Use Form will be permitted to use the facility. Persons entering the building without authorization will be subject to severe disciplinary measures. Doors # 3 and #5 will be accessible by using our buzzer entrance system. If necessary, complaint of unauthorized entry will be filed with the LaGrange County Sheriff's Department. It is expected that any student be under the direct supervision of a staff member at all times.

COMMUNITY SCHOOL FARM USE

We're proud that Prairie Heights Community School Corporation has 230 acres of outdoor space for students to share toward the enrichment of their school experience. Nature trails, a wildlife area, a weather station, a museum, a farmstead park, fine hills, hollows, trees, and water are available for student groups and community groups to use. Classes, teachers, community groups or individuals are always welcome to use the school for their benefit. They are requested to coordinate all activities through a master calendar in the Vo-Ag Department. Guided tours and/or hayrides are available upon request from the FFA.

CARE OF THE BUILDING

- Students should take pride in keeping the building and grounds clean and orderly. Beverages and snacks may be purchased from the vending machines before and after school only. Food and beverages should be consumed prior to entering the classroom. Bottled water is the only thing that should be consumed in classrooms. All containers and wastepaper should be placed in the proper receptacle.
- Students are not to post any flyers, posters, or other paraphernalia without the permission of building administration. All items must be posted on designated bulletin boards.

CAFETERIA

PHHS has a closed lunch policy. All food is to remain in the cafeteria. No food or drinks are allowed in the concession stand area. All food must remain in the seating area. Students may use the restroom in the gym lobby area with permission and return to the seating area. Students must stay in the seating area during the lunch period or outside, if weather permits. After eating, students are responsible for the disposal of their trash. If trash or food is not disposed of properly, the responsible student(s) will be expected to clean the cafeteria or other disciplinary action will be taken.

Parents may put any sum of money in a bar-coded card account for the student's use by cash or check. Payment with a credit card needs to be through www.payschoolcentral.com. A user fee may apply. Students not using this system will need cash. The National School Lunch Program requires school food authorities to establish written administrative guidelines and procedures for meal charges. For information, please see the policy located on the food services page on our website.

MEAL CHARGE PLAN

While the food service department at Prairie Heights Community Schools strongly discourages lunch charges, we understand that an occasional emergency may be necessary. The following guidelines have been developed to help parents understand the policy and their financial obligation.

CHARGING

1. Students who charge a meal will receive a reimbursable meal.
2. If a student owes charges they will not be able to purchase A LA Carte Items.
3. Students without funds to pay for a reduced price or full price meal are allowed to charge breakfast and lunch.
4. If money is put in the student's account online the charges will be paid first.

NOTIFYING THE HOUSEHOLD OF LOW OR NEGATIVE BALANCE

1. The student's household will be notified when a student's cafeteria account falls below \$5.00 for full price students and \$1.00 for reduced price students.
2. The student's household will be notified when a student's cafeteria account falls below \$0 by letters home with the student or text message. Please make sure phone number on file is current.
3. If a balance remains outstanding at the end of the year, the District will carry over the outstanding balances paid upon graduation or if the student leaves the district.

RESPONSIBILITIES

1. Parents/Guardians are responsible for paying for all of their student's meal charges.
2. All meals eaten before a free or reduced price meal application is processed are the responsibility of the parent/guardian.
3. Repeated failure to address meal charges may result in referral to an agency for collection.
4. School administrators will consider if circumstances in the home warrant contacting social workers or the Department of Child Services.

ASSISTANCE TO HOUSEHOLDS

Parents are encouraged to pre-pay for lunch and breakfast by sending in money or through www.payschoolcentral.com. The site can also be found on the school's website and parents may also download the free mobile app for additional convenience. If you are unable to pay for school meals due to your economic situation, please contact the Food Service Director. Assistance may be available and eligible recipients could receive the regular school breakfast and lunch at a free or reduced cost through the USDA Free and Reduced Lunch Program. Households with questions may contact Prairie Heights Community Schools Food Service Director at 260-351-2070.

MEDIA CENTER

Welcome to the Prairie Heights High School Media Center. We consider our media center the hub of our school. The media center provides students with books, magazines, research materials, and Internet access. We welcome students to come in and browse the collection, enjoy the various reading materials, or seek a quiet study area. A media specialist/aide will be on duty at all times and will strive to promote reading and literacy. Media center hours and policies are posted.

PROTECTION AND PRIVACY OF STUDENT RECORDS

The corporation maintains many student records both directory information and confidential information. Directory information can be provided upon request to any individual, other than a for-profit organization, even without the written consent of a parent. Parents/guardians may refuse to allow the school board to disclose any or all "directory information" upon written notification to the school board within 20 days of the start of the school year or enrollment of the student. For further information, you may consult the school board's annual Family Education Rights and Privacy Act (FERPA) notice which can be found in the corporation office. Confidential records include test scores, psychological reports, behavioral data, disciplinary records, and communications with family and outside service providers. Students and parents/guardians have the right to review and receive copies of all educational records. Please request an appointment with the school principal to answer any questions and to review the requested student records. Parents/guardians and adult students have the right to amend a student record when they believe that any of the information contained in the record is inaccurate, misleading, or violates the student's privacy. A parent/guardian or adult student must request the amendment of a student record in writing and if the request is denied, the parent/guardian or adult student will be informed of his/her right to a hearing on the matter. Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as part of the school program or the corporation's curriculum, without the prior written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated minor, his/her parents/guardians, to submit to or participate in any survey, analysis or evaluation that reveals information concerning:

1. Political affiliations or beliefs of the student or student's parent/guardian;
2. Mental or psychological problems of the student or student's family;
3. Sex behavior or attitudes;

4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or parents; or
8. Income, other than, as required by law to determine program eligibility.

Further, parents/guardians have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the principal receives the request.

The information a parent may access includes:

- a. activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information or otherwise providing that information to others for that purpose; and
- b. the administration of any survey by a third party that contains one or more of the items described in 1 through 8 above.

RELEASE OF STUDENT DIRECTORY INFORMATION TO MILITARY REPRESENTATIVES

Release of Student Directory Information by the high school to recruiting representatives of the various military services and academies is required by federal law. For purposes of these laws, directory information is defined as name of student, address, published telephone number, and electronic mail address, the school provided address if available. A parent or a student if over the age of 18 has the right to restrict the release of such information to the military recruiting representatives if the parent or student makes a written request that the directory information not be released to military recruiters without the parent's written consent to such release.

ACADEMIC INFORMATION

ENROLLING IN THE SCHOOL

Parent/guardian and student are required to begin the process of enrollment at the Prairie Heights Central Office Administration Building.

Students who are new to the school are required to enroll with their parents or legal guardian. When enrolling, the parents will need to bring:

1. a birth certificate or similar document,
2. court papers allocating parental rights and responsibilities, or custody (if appropriate),
3. proof of immunizations.

In some cases, a temporary enrollment may be permitted. If that is done, the parents will be told what records are needed to make the enrollment complete.

Students enrolling from another accredited school must have an official transcript from the sending school in order to receive credit from that school. The guidance counselor will assist in obtaining the transcript, if not presented at the time of enrollment.

Adult students (18 years of age or older) may enroll themselves, but if residing with their parents, are encouraged to include them in the process. Adult students do carry the responsibilities of both the student and parent.

TRANSFER OUT OF THE CORPORATION

If a student plans to transfer from Prairie Heights, the parent must notify the Principal and the guidance office. School records shall be transferred after the guidance office receives a request of records from the receiving school.

WITHDRAWAL FROM SCHOOL

(The complete Indiana Code can be found online at www.in.gov) IC 20-33-2-9

 - (3) each designated appropriate school employee; and
 - (4) the student's principal.
- (b) A student who is at least sixteen (16) years of age but less than eighteen (18) years of age is bound by the requirements of compulsory school attendance and may not withdraw from school before graduation unless:
- (1) the student, the student's parent, and the principal agree to the withdrawal;

- (1) reduce the student's future earnings; and
 - (2) increase the student's likelihood of being unemployed in the future.
- As added by P.L.1-2005, SEC.17. Amended by P.L.185-2006, SEC.12; P.L.1-2010, SEC.80.

SPECIAL EDUCATION

The school provides a variety of special education programs for students identified as having a disability as defined by the Individuals with Disabilities Education Act (IDEA).

A student can access special education services only through the proper evaluation and placement procedure. Parent involvement in this procedure is required. More importantly, the school encourages the parent to be an active participant. To inquire about the procedure, a parent should contact the guidance department at (260) 351-2215.

AMERICANS WITH DISABILITIES ACT - SECTION 504

The American's with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act requires the school to ensure that no individual be discriminated against on the basis of a disability. This protection applies not just to the student, but to all individuals who have access to the corporation's programs and facilities.

Students with disabilities who do not qualify for IDEA may be served within the regular education program with an accommodation plan developed through an interactive dialogue between the school, the student, and the student's parent(s). Parents who believe their child may have a disability that interferes substantially with the child's ability to function properly in school should contact the guidance department at (260) 351-2215.

HOMELESS STUDENTS

Homeless students will be provided with a free and appropriate public education in the same manner as other students served by the Corporation. Homeless students are eligible to receive transportation services, participate in education programs for students with disabilities or limited English proficiency, participate in high ability programs, and receive meals under school nutrition programs. Homeless students will not be denied enrollment based on lack or proof of residency.

SCHEDULE CHANGES

Any changes in a student's schedule should be handled through the guidance department. It is important to note that some student requests to take a specific course may be denied. Students are expected to follow their schedules. Any variation should be approved with a pass or schedule change. Changes in course selection are difficult because many classes are scheduled to capacity. After final course selections have been made, course changes are considered for the following reasons:

1. A student fails a required course.
2. A student fails to enroll in a course required for graduation or to meet a career focus requirement.
3. A student demonstrates poor achievement in a pre-requisite course and is advised not to enroll in an advanced course.

- Conflicts exist within a student's schedule due to lack of sufficient enrollment to offer a course or over-enrollment in a course.
- A student desires to upgrade to a higher-level course.

DROPPING A COURSE

Students may withdraw from courses with the following restrictions:

- Requests must be processed by the guidance office.
- Students may withdraw from a course for the approved reasons stated above within the 5-day grace period at the beginning of a semester without penalty. Students must have parents sign a course withdrawal form before that course can be officially withdrawn from.
- Students wishing to withdraw from a course beyond the grace period through the rest of the first nine weeks of each semester will be required to complete the course withdrawal form and receive approval from parents and administration. The student, upon approval and only if they do not currently have a study hall, will be placed in a study hall and will receive no credit.
- Students withdrawing from a course at the 9 week grading period of a new semester will be required to complete the course withdrawal form and receive approval from parents and administration. The student will receive a WF if they are currently failing the course or a WP if they have a passing grade at that time. After the 9 week grading period, if a student wishes to drop a course he/she will receive a WF.
- Students removed from a course for discipline will receive a grade of WF.
- WF is equivalent to a failed course and will factor into a student's grade point average. WP will not factor into a student's grade point average. The WF or WP will be reported on the student's cumulative academic transcript.
- If a student retakes a class, both the original and retaken grade will appear on the transcript and the two grades will be averaged together.

ADDITIONAL COURSEWORK OPPORTUNITIES WHILE IN HIGH SCHOOL

Students may investigate taking courses in a flexible setting (i.e. approved/accredited online courses, college campus, independent study) for credit recovery, scheduling conflicts, and courses unavailable in the high school schedule. The administration will prioritize requests, with teacher recommendations when applicable, and make final decisions based on availability. All credits earned via these opportunities will apply as credits earned in those content/subject areas. These course grades will figure into the student's G.P.A. and count toward athletic eligibility. An additional fee may be charged for these courses. Work closely with your guidance counselor if you want to pursue these opportunities.

COLLEGE RELEASE

IC 20-30-2-2(a) requires that a student instructional day for grades 7-12 must consist of at least 6 hours of instruction. Instruction is defined as time during which students are participating in an approved course, curriculum, or educationally related activity under the direction of a teacher, including a reasonable amount of time passing between classes.

IC 20-30-2-2(d) provides that a high school student who is enrolled in at least 12 credit hours of on-campus dual credit courses is not required to comply with the 6 hour requirement during the semester in which the student is enrolled in at least 12 credit hours.

In order to meet the requirements in Indiana Code the following guidelines apply:

- If a student is enrolled in a total of 12 on-campus credit hours at a college or university, then no PHHS courses are required that semester.
- If a student is enrolled in 3 college courses, then the student must also enroll in at least 3 PHHS courses.
- If a student is enrolled in 2 college courses, then the student must also enroll in at least 4 PHHS courses.
- If a student is enrolled in 1 college course, then the student must also enroll in at least 5 PHHS courses.

Each single semester college release course will be worth one high school credit, provided there is a high school course equivalent. Any exceptions must be approved by PHHS administration prior to the beginning of the semester.

The only college courses that will be weighted on a student's high school transcript will be those courses that are offered and/or equivalent to PHHS's weighted courses based on administrative approval.

Each semester, at least six credits must be entered on a student's official transcript, unless the student meets the enrollment requirements in IC 20-30-2-2(d) for on-campus dual credit courses. Any additional credits, beyond the required six transcripted credits, that are taken through a college or university may be entered on the transcript if desired. Students who wish to have college/university credits added to their high school transcripts should contact their counselors and complete the required paperwork. Dual credit courses taken at Prairie Heights must be included on the student's transcript; the above process only applies to courses taken independently through a college/university.

8TH GRADE ALGEBRA AND TRANSCRIPT

Starting with the Class of 2024, a student who completed Algebra in the 8th grade will have until the end of their sophomore year to request the removal of Algebra I from their transcript.

GRADES

In general students are assigned grades based upon test results, homework, projects, and classroom participation. Each teacher may place a different emphasis on these areas in determining a grade and will so inform the students at the beginning of the course work. If a student is not sure how his/her grade will be determined, s/he should ask the teacher.

GRADING SCALE

A+	100	4.0	B+	89 - 88	3.333	C+	79 - 78	2.333	D+	69 - 68	1.333	F	59↓	0
A	99 - 94	4.0	B	87 - 84	3.0	C	77 - 74	2.0	D	67 - 64	1.0			
A-	93 - 90	3.667	B-	83 - 80	2.667	C-	73 - 70	1.667	D-	63 - 60	.667			

WEIGHTED GRADING SCALE

All Core Academic Advanced Placement and Dual Credit courses will be weighted. Core Academic is defined as all English, Math, Social Studies, and Science.

A+	100	4.333	B+	89 - 88	3.667	C+	79 - 78	2.667	D+	69 - 68	1.667	F	59↓	0
A	99 - 94	4.333	B	87 - 84	3.333	C	77 - 74	2.333	D	67 - 64	1.333			
A-	93 - 90	4.0	B-	83 - 80	3.0	C-	73 - 70	2.0	D-	63 - 60	1.0			

In cases where a student has received weighted grades from another school corporation that does not align with PHHS's recognized weighted courses, the GPA will be reconciled based upon PHHS's approved weighted courses.

Grading periods will consist of two equal terms each consisting of ninety (90) days. In sum, each term is divided into two equal quarters consisting of forty-five (45) days. Each of the quarters represents one grading period.

Midterm grades are calculated at every four and one half weeks. These grades are designed to reflect the student's performance in each class and are a report to the student and his/her parents as to the progress made in that class. **Grades may also be monitored on the Panther Paw Website. To access your account, contact the school to obtain your username and password.**

Calculating Semester grades: To determine a student's semester grade, the first and second quarter grades constitute 45% each, and a final exam will be given in every course that will constitute 10%.

CLASS STANDING

Students and parents are responsible for monitoring the student's credit situation. This information is available in the guidance office or online at www.doe.in.gov/core40. Graduation requirements will be reviewed annually with students through the guidance department.

Students are required to earn 42 credits. Academic Honors and Technical Honors diplomas require 47 credits each.

HONOR ROLL GUIDELINES

High Honor Roll- All A's

Honor Roll- All A's & B's

Honorable Mention- All A's & B's, and 1 C is allowed.

CLASS RANK

The top 10, including salutatorian and valedictorian, are determined at the end of first semester of the Senior year. For students who could potentially be in the top ten of their graduating class, have taken the same number of weighted courses approved through PHHS, and achieved a minimum of a 4.0 average in these weighted courses, then the following formula will be applied to determine their class rank. The formula will be as follows:

$$(\text{Average GPA in weighted courses} + \text{Average GPA in non-weighted courses}) / 2$$

*This formula will not be used to determine a student's final GPA; it will only be used to determine their class rank at the end of their sixth and seventh semesters.

The students must have attended Prairie Heights High School for at least four (4) consecutive semesters immediately preceding the determination of class valedictorian and salutatorian. Therefore, any student who transfers into Prairie Heights High School by the second semester of their sophomore year will be eligible to be valedictorian or salutatorian.

CORE 40 DIPLOMAS

The Core 40 Diploma is the standard requirement to graduate from high school and for admission to most Indiana colleges and universities. To graduate with less than a Core 40, a formal opt out process must be completed.

ACADEMIC HONORS AND TECHNICAL HONORS REQUIREMENTS

Details regarding the requirements for Academic Honors and Technical Honors can be found on the INdiana Department of Education Website or by contacting the guidance department.

INFORMATION FOR GRADUATING SENIORS

1. Complete the check-out form obtained from the guidance department to enable a final credit check.
2. Graduation *Finalization*:
 - * You will receive complete information regarding all graduation instructions, including a required graduation rehearsal session.
 - * All *earned* diplomas will be awarded on graduation day; under special approved circumstances, a diploma may be picked up in the high school office at a later date.
 - * Successful completion of graduation pathways: Box 1) High School Diploma, Box 2) Learn & Demonstrate Employability Skills, and Box 3) Postsecondary Ready Competencies.
 - * Any serious violation of student rules prior to graduation may result in a student's not being allowed to participate in graduation exercises.

To participate in the graduation ceremony, the student must meet all academic requirements for the diploma, pay all fees, and complete all other obligations to PHHS.

HONOR ATTIRE GUIDELINES FOR GRADUATION

During the graduation ceremony and official pictures, only honor items provided by Prairie Heights Community School Corporation and/or the U.S. Military may be worn on the outside of the graduation gown. Examples of items that may be provided by the school include but are not limited to: NHS stoles, Top Ten stoles, and Academic/Technical Honors Diploma medallions. Students are permitted to add other honor items after the ceremony for pictures with their friends and families.

TRANSCRIPTS

Transcripts may be obtained by contacting the guidance office. In accordance with the Family Education Rights and Privacy Act, a minor (under 18 yrs. old) student's record can only be released by parental permission. An exception to the act occurs when records are requested by an educational agency to which the student is applying or enrolling.

NATIONAL HONOR SOCIETY SELECTION PROCESS

- A. Selection begins with all juniors and seniors who have a B average or a GPA of 3.0 or higher and have applied for membership.
- B. The PHHS teaching staff evaluates the applications of eligible students using the evaluation criteria of leadership, service, and character. These qualities are evaluated based upon the staff member's relationship with the student in the classroom, extra-curricular activities, athletics, and volunteerism. Staff will evaluate students based upon their personal knowledge, not hearsay or second-hand information.
- C. Once evaluations are completed, they are averaged, compiled, and listed with the student's GPA. This list is then presented to the faculty council for NHS membership. Our NHS council consists of teachers representing the English, math, science, social studies, and vocational education departments who study the averages on scholarship, leadership, service, and character and ultimately determine admission to NHS based on those numbers.
- D. No student can be prevented from admission to the National Honor Society by the low evaluation of one teacher.
- E. The intent of the NHS is not for rewarding honor roll recipients. A student may have a high GPA and not receive admission because of low evaluation in leadership, service, and/or character. Students wishing admission to National Honor Society should work to improve themselves in all four areas.

APEX/EDMENTUM

PHHS offers APEX/Edmentum classes in order to help students with scheduling conflicts or credit recovery. Students who enroll in APEX/Edmentum classes will sign a contract explaining the rules and expectations of the on-line program.

ATTENDANCE PHILOSOPHY

Promptness and dependability are important values in our society and it is appropriate that they be stressed in school. All students are expected to attend school regularly and to be on time for classes in order to receive maximum benefit from the instructional program and to develop habits of punctuality, self-discipline, and responsibility.

EARLY DISMISSAL

No student will be allowed to leave school prior to dismissal time without either a.) a written request signed by the parent/guardian or b.) the parent coming to the school office to personally request the release. No student will be released to a person other than a custodial parent(s) without a permission note signed by, or a phone call from the custodial parent(s) or other legal authorization.

REPORTING PROCEDURE

A parent or guardian should contact the school at (260) 351-2154 by 9:00 am on the day of the student's absence. A message may be left on school voicemail 24 hours a day at (260) 351-2154. If no contact is made by 9:00 am on the day of the absence, the student may be marked unverified. After that time, the attendance clerk will compile a list of daily absences and begin calling parents/guardians at home and work to verify the absence. Any change in the attendance status must be confirmed by the parent by phone or written note within 48 hours from the time of absence.

ATTENDANCE PROBATION

A student will be placed on attendance probation through the school, and a letter will be sent to the parent or guardian by the attendance officer, once the student misses five days of school that are not excused or exempted. Once on attendance probation, all future absences must be either excused or exempted within 48 hours from the student's return to school in order not to count toward disciplinary action.

When the student has accumulated seven (7) unexcused absences, a parent conference will be requested.

After a student has reached the ten-day limit, a violation will occur upon the next unexcused absence. This violation will result in a mandatory meeting of the parent and student with the Attendance Officer. The Attendance Officer may recommend the following:

1. Expulsion for the remainder of the semester.
2. Written contract as an individual intervention plan.

The recommendation of the Attendance Officer will be presented to the Principal for final determination.

Absences due to a disciplinary suspension will not count toward the ten-day limit.

Once a student is placed on attendance probation, any absence not excused or exempted will result in the following consequences:

6th absence: 6 hour detention

7th absence: 6 hour detention and a parent conference will be requested

8th absence: Saturday School(s) will be assigned*

9th absence: Saturday School(s) will be assigned*

10th absence: Saturday School(s) will be assigned* and County Probation is notified

11th absence and subsequent absences will result in a mandatory meeting of the parent and student with the Attendance Officer in addition to any of the following: BIC LaGrange, revocation of driver's license, and/or expulsion.

*Failure to attend assigned Saturday School will result in the student being assigned to Behavior Intervention Classroom in LaGrange.

Verified Absences are classified into three categories: Exempted, Excused, and Unexcused.

EXEMPTED ABSENCES

Exceptions to compulsory attendance that shall be recognized by the school corporation as provided by State statute are:

- A. service as a page or honoree of the general assembly (I.C. 20-33-2-14)
- B. service on a precinct election board or helper to a political candidate on the date of an election (I.C. 20-33-2-15)
- C. subpoena to appear in court as a witness in a judicial proceeding (I.C. 20-33-2-16)
- D. service in active duty with the National Guard for not more than ten (10) days (I.C. 20-33-2-17)
- E. participating as a member of the Indiana wing of the civil air patrol for not more than five (5) days (I.C. 20-33-2-17.2)
- F. exhibiting or participating in the Indiana State Fair for educational purposes by a student or member of the student's household (I.C. 20-33-2-17.7) The student must be in a good academic standing as determined by the Corporation. Parents must request the absence in writing, it must be approved in writing by the principal, and it may not exceed five (5) days
- G. participating in an educationally related non-classroom activity which is consistent with and promotes educational philosophy and goals of the School Corporation, facilitates the attainment of specific educational objectives, is part of the goals and objectives of an approved course or curriculum, represents a unique educational opportunity, cannot reasonably occur without interrupting the school day, and is approved in advance by the school principal (I.C. 20-33-2-17.5)

EXCUSED ABSENCES

An excused absence is one that does not count toward attendance probation through the school. The following are excused absences: (1) illness verified by a note from a physician or verified by the school nurse, (2) recovery from accident with medical documentation that recovery is necessary, (3) required court attendance with documentation, (4) professional appointments; when appointments are necessary during the school day, the student shall report back to school immediately after the appointment with a signed statement from the doctor, dentist, lawyer, counselor, etc., (5) death in the immediate family or of a relative, (6) observation or celebration of a bona fide religious holiday (7) maternity of student, (8) military connected families' absence related to deployment or return, or (9) such other good cause as may be acceptable to the

Superintendent or permitted by law. The principal or his/her designee may consider other situations when extenuating circumstances arise.

Written verification must be presented for all excused absences. The written excuses must be turned into the attendance officer upon the student's return to school. In the case of an absence due to a doctor's appointment or illness, for which the student is under the care of a physician, the student must present a signed and dated note from the physician's office to verify this absence.

Parents should make every attempt to schedule appointments after school hours. If an appointment is required, the parent/guardian must call the school or send a note before the student may be permitted to leave the building. The student must sign out before leaving the building and sign in at the office upon returning to school. It is recommended that students do not repeatedly miss morning or afternoon classes for therapy or doctor appointments. Appointments during the school day should be spread out so the student can keep up with his/her classes. The school has the right to request a doctor's verification for each absence day due to ongoing medical conditions.

UNEXCUSED ABSENCES

All absences not designated as Excused shall be considered as Unexcused absences. All Unexcused absences will count toward attendance probation through the school.

ADDITIONAL ATTENDANCE INFORMATION:

SICK OR INJURED STUDENT

A student who becomes ill or injured at school must report to the clinic. Permission to go home for the remainder of the day may be given by the principal or his/her designee, after consultation with a parent or guardian. If deemed ill and permission is granted for the student to leave for the remainder of the day, the student will not have the absence count toward their "Limited Absence Policy." If the student is absent the next day, in order to not have the absence count toward their "Limited Absence Policy", the student will need to have their absence verified by a doctor. Therefore, it is important that all emergency information is kept up to date with the clinic. If your contact information changes, please contact the clinic to have it updated.

VACATIONS AND OTHER PLANNED ABSENCES

Students who wish to be released from school for vacations or other planned absences must submit a form, signed by all teachers and the parent or guardian, one week before the first of such absence to enable schoolwork to be made up for credit. All absences of this nature count toward the ten-day limit. The parent or guardian should contact the school personally to arrange for such absences.

COLLEGE VISITS

Seniors are allowed two college visits during the school year. Juniors will be allowed one college visit during the school year. Paperwork is available in the attendance office.

FIELD TRIPS

Field trips will be scheduled so that students will miss as little time from the classroom as possible. Due to the increased amount of classroom time lost by a student on a field trip, only one (1) teacher is needed to deny the student from going on any field trip. A teacher will base his/her decision on the student's attendance, incomplete work, and/or poor grades. Students will be in the supervision of an adult unless a parent/guardian gives written permission otherwise.

Field Trips will be governed by the corporation policy on field trips.

MAKE-UP WORK

Students must make up all work missed due to an absence. It is the student's responsibility to arrange for making up the work. The length of time for completion of make-up work shall be commensurate with the length of the absence. Work completed during an unexcused absence and submitted to a teacher on the day of the student's return may be counted at the discretion of the teacher. In the case of a planned absence, the arrangements to determine when the work will be due should be made before the absence.

UNVERIFIED ABSENCES

An absence is unverified when a parent/guardian does not notify the school of an absence. A parent/guardian will have 24 hours to notify the school or the student will be considered truant.

TRUANCY

(1) Truancy is defined as students who are absent from school/class/lunchroom without the knowledge or consent of school personnel. (2) Leave school grounds without proper permission or procedure. (3) In the parking lot during school hours without permission. (4) Miss a class or study hall without authorization. Truancy will be subject to disciplinary action. Assignments missed due to a truancy and submitted to a teacher upon return may be counted at the discretion of the teacher.

HABITUAL TRUANCY

- A. A "Habitual Truant" is defined as a student who has ten (10) or more days of unexcused absences.
- B. All students who are at least thirteen (13) years of age but less than the age of fifteen (15) years, and who are determined to be a habitual truant per the definition above, are subject to Indiana law, which provides that any person who is determined to be a habitual truant as defined by school board policy cannot be issued an operator's license or learner's permit until the age of 18 years, or until the student's attendance record has improved as determined by the principal upon review of the student's record of at least once per school year.
- C. Procedures developed for the administration of this policy shall include provisions for periodic review of all students determined to be habitual truants and their reclassification, when warranted. These procedures will be developed by the Superintendent or designee.
- D. The student's principal may report to the Indiana Bureau of Motor Vehicles of the student's status as a habitual truant.
- E. The student upon initial designation of being a habitual truant is entitled to the same statutory procedures as a student who is being expelled.
- F. A student who has been designated as a Habitual Truant will not be allowed to participate or continue to participate in extracurricular activities and/or co-curricular activities.

SINGLE CLASS ABSENCES

A student who accumulates 10 non-exempted absences in a single class within the semester will be subject to disciplinary action and may be in danger of being removed from class with a WF and placed in a study hall based on teacher discretion.

PERFECT ATTENDANCE

To qualify for perfect attendance students must have missed no class periods for the year except college visits or exempted absences.

PARTICIPATING IN EXTRA-CURRICULAR ACTIVITIES

In order to participate in extra-curricular activities, the student must be in school for at least half of the day. Students who have a morning absence must arrive by 11:45 a.m. If a student leaves school at any point throughout the day, the student may not participate that day. Exceptions to this rule include all exempted absences, excused absences (only numbers 3-6 and 8-9 above), and students who leave for an appointment and have a return-to-participation slip from the doctor or another professional in a similar field.

PARTICIPATING IN VOCATIONAL / WORK BASED LEARNING PROGRAMS

Vocational / Work Based Learning programs are a privilege and regular attendance is expected. On Professional Development days Vocational / Work Based Learning students are expected to attend their program.

A student's prior attendance record will be used as a criterion for participation in Vocational /Work Based Learning programs. Students selected for participation in these programs are required to attend school every day that they are in attendance of Work Based Learning or Vocational courses. Students are required to ride the bus to and from IMPACT Institute. Students that miss the bus may be transported by a parent/guardian. If students do not report to IMPACT Institute because they missed the bus they are to report to the PHHS office at the beginning of the school day to sign in. Students not reporting to school will be considered truant, and disciplinary action will result which may include, but is not limited to, withdrawal from the given program. Finally, students that choose to drop out of the IMPACT Institute Program will be required to reimburse the school the tuition it invested in said student.

Additionally, students that participate in the IMPACT and WORK BASED LEARNING programs must pass

their vocational class in order to be eligible for athletic participation as these programs count as three classes toward their quarter grades (see athletic information). Per IHSAA rules, student athletes must earn at least 5 passing grades each quarter to be eligible for athletic participation.

CORRIDOR PASSES

Every student outside of the classroom must carry a pass with the correct time clearly marked and signed by a staff member. Students should expect to display their pass while in the halls at any time during the school day.

WHEN LEAVING A CLASS, IT IS THE STUDENT'S RESPONSIBILITY TO OBTAIN A PASS. FAILURE TO DO SO WILL RESULT IN DISCIPLINARY ACTION.

NO PASS LIST

Students who continually abuse school rules and policies are subject to being put on the "no pass list." Students placed on this list are not allowed out of a classroom or in the hallways during class time.

TARDINESS

- If a student is tardy to first period, he/she must sign in at the attendance office. First period tardies will be recorded by the attendance office. Students must obtain a pass from the attendance office before being admitted to class by their first period teacher. A student will be considered tardy rather than absent if s/he is in his/her assigned location within ten minutes after the official start of the school day.
- Lengthy tardies (5 minutes or more) may be considered absences (excused, unexcused, or truant).
- Tardies to any class will count toward the student's cumulative 9 week total. Tardies recurring in the same class may incur classroom consequences before, and in addition to, the following:

5th tardy – written warning

Tardies 6-8 result in a 1 hour detention.

Tardies 9-11 result in a 2 hour detention plus No Pass List.

Any additional tardies result in a 3 hour detention.

DRESS CODE – STUDENT APPEARANCE

PHHS takes pride in the appearance of its students. We believe that the way a student dresses influences behavior, affects the quality of schoolwork, and is a reflection of PHHS. Clothing or other articles worn that are distracting to the educational environment, are deemed offensive because of messages stated or implied or images presented, or are considered hazardous in some manner are not allowed. Students appearing in clothing that requires laundering or is disruptive will exchange their inappropriate article of clothing for an office-issued article. The student will then exchange the clothes for his/her own at the end of the school day. Students will not be allowed to attend class if they are in violation of the dress code. They must change their clothing or have a change of clothes brought to the school. Any class(es) missed due to dress code violations may result in loss of credit for the daily assignment. Dress Code violations will result in disciplinary action.

Guidelines for school-appropriate dress and personal appearance:

Disruptive items:

Tops exposing the entire shoulder or back area are unacceptable. Halter tops, spaghetti strap clothing, tank tops (with less than 2 inch straps), see-through (lace) tops or midriff-exposing tops are not acceptable for school. Shirts that have been cut excessively in the armpit area exposing skin or are designed as a tank or muscle shirt are not allowed. Also, clothing that exposes cleavage is not allowed.

See-through clothing that exposes areas that should be covered is not allowed. No undergarments or underwear should be visible at any time.

Excessively short skirts, dresses, or shorts that exceed seven inches above the knee, including when seated are unacceptable.

The following items are not to be worn in the building during the school day from the time a person enters the building until the person exits the building.

- Hats, caps, or other head coverings. (This includes "hoods" on pullover or zipping sweatshirts.)
- Sunglasses
- Bare or stocking feet. Shoes must be worn.

- Other items which are disruptive include clothing displaying writing or objects which promotes violence; denotes membership in a gang; bears racially or sexually offensive messages; has a double meaning, innuendo, or other reference to disruptive ideas; advertises, promotes or glorifies alcohol, tobacco, drugs, or other illegal substances or their use, or weapons.
- Clothing, jewelry, chains, make-up, accessories, notebooks, or manner of grooming may be deemed disruptive if it denotes membership in a gang or is socially unacceptable or distracting to others.
- Low-cut tops or pants where undergarments are visible are unacceptable.
- A student's cell phone during the school day must be turned off and out of sight. Otherwise it will be taken by administration and held for parent pickup. Cell phones are the student's responsibility. As concerns said cell phone, the school is not accountable for any loss or damage in regard to cell phone brought on the school premises.
- Body piercing accessories that are unsafe for certain activities or are disruptive to the educational environment are not to be worn to school.
- Sagging pants are disruptive. Pants should be worn at the waist. Pants that are low enough to expose underwear or skin when standing or seated are not allowed.
- Sleepwear, such as bedroom slippers and blankets, is not to be worn to school.
- No hee-lies/wheelies are allowed.
- Gloves and fingerless gloves are not to be worn in the building during the school day unless required for safety purposes in a specified class.

The administration reserves the right to determine if clothing is disruptive.

STUDENT RIGHTS OF EXPRESSION

The School recognizes the right of students to express themselves. With the right of expression comes the responsibility to do it appropriately. Students may distribute or display, at appropriate times, non-sponsored, noncommercial written material, buttons, badges, or other insignia; and the like. All items must meet School guidelines.

- A. A material cannot be displayed or distributed if it:
1. is obscene to minors, libelous, indecent, or vulgar,
 2. advertises any product or service not permitted to minors by law,
 3. intends to be insulting or harassing,
 4. intends to incite fighting; or
 5. presents a clear and present likelihood that, either because of its content or manner of distribution or display, it will cause or is likely to cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.

Students who are unsure whether or not materials they wish to display meet school guidelines may present them to the Principal twenty-four (24) hours prior to display.

SEARCH AND SEIZURE

The School Board recognizes its obligation to balance the privacy rights of its students with its responsibility to provide students, faculty, and authorized visitors with a safe, hygienic, and alcohol/drug-free learning environment. In balancing these competing interests, the Board directs the Superintendent to utilize the following principles:

School Property

School facilities such as lockers and desks are school property provided for student use subject to the right of the Superintendent and his/her designee to enter the facility as needed and inspect all items in the facility searched. Students shall not have an expectation of privacy in any facility provided by the school and shall not

be permitted to deny entry to a Corporation administrator by the use of a lock or other device. The use of a locker space is a privilege granted by the school. Students should not share lockers. The sharing of lockers increases the possibility of theft, for which the school cannot be responsible. Failure to comply with the conditions and rules contained in this handbook may lead to revocation of the privilege of using the locker and possible suspension or expulsion.

Student's Person and Possessions

The principal, assistant principal and/or designees may search a student during school or outside school hours at any school activity (including home or away events) if there is reasonable cause for a search of that student. Prior to a search of a student's person and personal items in the student's immediate possession, consent of the student shall be sought by an administrator. If the student does not consent, such a search shall be permitted based only upon the administrator's individualized reasonable suspicion to believe that the search will produce evidence of a violation of a law, school rule, or a condition that endangers the safety or health of the student or others. If a student refuses to permit such a search, that refusal may be admitted in any suspension or expulsion proceedings and creates a presumption that the student possessed the item or items for which the search was requested.

Searches of the person of a student shall be conducted and witnessed by a person of the same gender as the student and shall be conducted in a private place. A searched student's parent or guardian shall be notified of the search within twenty-four (24) hours if possible.

Searches, pursuant to this policy, also shall be permitted in all situations in which the student is under the jurisdiction of the Board as defined by I.C. 20-33-8-14.

Permission for a student to bring a vehicle on school property shall be conditioned upon consent of the search of the vehicle and all containers inside the vehicle by a school administrator with reasonable suspicion to believe the search will produce evidence of a violation of law, a school rule, or a condition that endangers the safety or health of the student driver or others. The student shall have no expectation of privacy in any vehicle or in the contents of any vehicle operated or parked on school property. Refusing to allow a search creates a presumption that the vehicle contained the item or items for which the search was requested. This presumption may be used in a suspension or expulsion proceeding.

The Superintendent may request the assistance of a law enforcement agency in implementing any aspect of this policy. Where law enforcement officers participate in a search on school property or at a school activity pursuant to a request from the Superintendent, the search shall be conducted by the law enforcement officers in accordance with the legal standards applicable to law enforcement officers.

Breath Test Instruments

Administrators are authorized to arrange for the use of breath-test instruments for the purpose of determining if a student has consumed an alcoholic beverage. It is not necessary for the test to determine blood-alcohol level, since the Board has established a zero tolerance for alcohol use.

Metal Detectors

To address the School Corporation's duty to maintain a safe learning environment free of the potential presence of weapons, school officials, school resource officers and other school personnel trained in the usage of metal detectors are authorized to use metal detectors, either hand-held wands or walk through devices, for the purpose of determining if a person is in possession of weapons or other illegal/prohibited metal objects, including electronic cigarettes. When the school administration has a reasonable suspicion to believe weapons or other illegal/prohibited metal objects are in the possession of an identified person, a search of the identified person and/or of his/her possessions shall be conducted in accordance the requirements of this policy's provisions for searching a Student's Person or Possessions

Use of Dogs

The Board authorizes the use of specially-trained dogs to detect the presence of drugs or devices such as bombs on school property under the conditions established in the Superintendent's administrative guidelines.

Anything found in the course of a search pursuant to this policy which constitutes evidence of a violation of a law or a school rule or which endangers the safety or health of any person shall be seized and utilized as evidence if appropriate. Seized items of value shall be returned to the owner if the items may be lawfully possessed by the owner. Seized items of no value and seized items that may not lawfully be possessed by the owner shall be destroyed.

The building principal shall promptly record in writing the following information for each search pursuant to this policy:

1. The information upon which the search was based
2. The time, date, location, students, or places searched, and persons present
3. A description of any item seized and its disposition
4. The time and date of notice to the parent or guardian in the case of the search of the person of a student

PUBLIC DISPLAYS OF AFFECTION (PDA)

Students are expected to refrain from showing affection at school. This includes any physical display of affection that is deemed to be sexual in nature. Handholding is permissible, but other displays of affection are not appropriate.

PERSONAL COMMUNICATION DEVICES (PCDs)

Possessing and/or using a wireless electronic device which is portable and is capable of providing voice, messaging, or other data communications between two or more persons and includes cellular phones, tablet computers, digital cameras, and/or gaming devices in a manner which constitutes an interference with a school purpose or educational function, an invasion of privacy, or an act of academic dishonesty, or is profane, indecent, or obscene is prohibited. This rule is not violated when the student has a) been given permission from a teacher to use a wireless device for educational purposes during instructional time; b) to use a wireless device in an emergency or to manage the student's health care; c) to use a wireless device as part of the student's Individual Education Plan (IEP) or 504 Plan. In addition to being disciplined, students who use a wireless electronic device in a manner which violates this rule may have the device confiscated by school administration. Such a device will be returned to the parent from the second time it is confiscated and thereon.

Students are discouraged from bringing electronic equipment to school. The possibility of breakage, loss, noise and other disruptions requires electronic devices to be turned off and out of sight during the school day. Students bring these items at their own risk as the school is not accountable for any loss or damage when these devices are brought on the school premises. Use of these devices will not be allowed during the school day. These devices are NOT to be used during passing periods or lunch and should not be visible during these times. The use of PCDs in locker rooms, shower facilities, rest/bathrooms is prohibited at all times. Students cannot photograph students or employees while on school property unless it is for an educational purpose and said student's use of his/her PCD or camera is approved through the administration. Students caught using these devices will face disciplinary action. Students shall have no expectation of confidentiality with respect to their use of PCDs on school premises/property per School Board Policy. Students that have their PCD confiscated the first time will receive a warning and are able to pick up their PCD at the end of the day. After the first confiscation, any subsequent confiscations require the parent/guardian must retrieve the PCD and can do so on the same day of confiscation, or if not retrieved, the student may retrieve it on the morning of the following day. Additional disciplinary actions will occur.

Important Notice to Students and Parents Regarding Cell Phone Content and Display

Students are not allowed to send, share, view or possess pictures, text messages, emails or other material of a sexual nature in electronic or any other form, including the contents of a cell phone or other electronic device.

- The Child Abuse/Neglect Law requires school personnel to report to law enforcement or child protective services whenever there is reason to believe that any person/student is involved with "child exploitation" or "child pornography" as defined by Indiana Criminal Statutes.
- It is "child exploitation," a Class C felony under I.C. 35-42-4-4(b), for any person/student (1) to exhibit, photograph or create a digitalized image of any incident that includes "sexual conduct" by a child under the

age of 18; or (2) to disseminate, exhibit to another person, or offer to so disseminate or exhibit, matter that depicts or describes "sexual conduct" by a child under the age of 18.

- It is "child pornography," a Class D felony under I.C. 35-42-4-4(c), for any person/student to possess a photograph, motion picture, digitalized image, or any pictorial representation that depicts or describes "sexual conduct" by a child who the person knows is less than 16 years of age or who appears less than age 16. "Sexual conduct" is defined by I.C. 35-42-4-4(a) to include sexual intercourse, exhibition of the uncovered genitals intended to satisfy or arouse the sexual desires of any person, or any fondling or touching of a child by another person or of another person by a child intended to arouse or satisfy the sexual desires of the child or other person.

The Indiana Sex Offender Registration Statute at I.C. 11-8-8-7 and the Sex Offender Registry Offense Statute at I.C. 35-42-4-11, as of May 2009, require persons convicted of or adjudicated as a juvenile delinquent for violating the Child Exploitation Statute at I.C. 35-42-4-4(b) to register as a sex offender.

- Because student cell phones have been found in a number of Indiana school districts to have contained evidence of "sexual conduct" as defined above, it is important for parents and students to be aware of the legal consequences of such behavior.
- Possession of a cell PCD by a student is a privilege, which may be forfeited by the student if s/he turns it on, uses it or allows it to be visible during the school day or on school-sponsored trips. Prohibited uses of the PCDs during specified times includes making and or receiving calls, sending text messages, taking pictures and/or making recordings.

SEXTING

"Sexting" is prohibited at any time on school property or at school functions. Sexting is the electronic transmission of sexual messages or pictures, usually through cell phone text messaging. Such conduct not only is potentially dangerous for the involved students, but can lead to unwanted exposure of the messages and images to others, and could result in criminal violations related to the transmission or possession of child pornography. Such conduct will be subject to discipline and possible confiscation of the PCD (personal communication device).

EMERGENCY DRILLS

Evacuation drills at regular intervals are required by law and are important safety precautions. When the first signal is given, everyone will wait for the all clear over the intercom and then exit promptly by the prescribed route as quickly as possible. Students should NOT talk during evacuation drills and are to remain in the designated area until the signal is given to return to regularly-assigned area.

HOMEWORK PROTOCOL

Prairie Heights High School believes that homework is an important extension of class instruction because it enables students to meet curriculum objectives. It provides an opportunity for students to practice skills and to maximize learning outside of the classroom. Homework allows students to demonstrate effort in becoming leaders of their own learning and developing independence as learners. Work is assigned as preparation for the following day's class period. It is expected that students will report to class each day with homework completed. Students not completing homework may be referred to after school homework intervention by their classroom teacher. Students may not receive full credit for classroom work submitted late. Each teacher will make his/her homework expectations clear with students at the beginning of each course. Students will be given the opportunity for making up work missed due to absences.

BUS CONDUCT

Students who are riding to and from school on transportation provided by the school are required to follow some basic safety rules. These rules are posted within each bus and distributed at registration.

Students must wear seatbelts on any vehicle in which they are available. If students do not wear seatbelts, the following consequences will occur:

1st Offense – Verbal Warning

2nd Offense – Written Warning

3rd Offense and Beyond – One day of suspension from the bus for each offense

The driver is responsible for student safety and may assign seating or direct the student in any reasonable manner to maintain that safety.

The following behaviors are expected of all students:

Prior to loading (on the road and at school)

Each student shall:

- (X) Be on time at the designated loading zone;
- (X) Stay off the road at all times while walking to and waiting for the bus;
- (X) Line up single file off the roadway to enter;
- (X) Wait until the bus is completely stopped before moving forward to enter;
- (X) Refrain from crossing a roadway until the bus driver signals it is safe;
- (X) Go immediately to a seat and be seated.

It is the parents' responsibility to inform the bus driver when their child will not be boarding the bus. The bus will not wait at a stop, and the driver will not blow the horn.

During the trip

Each student shall:

- (X) Remain seated while the bus is in motion;
- (X) Keep head, hands, arms, and legs inside the bus at all times;

Excluding rare exceptions granted by administrators, all students must have a note from parent or guardian when not riding their bus home or riding a different bus home. A pass will be given to the student to be given to the bus driver. The driver will not discharge students at locations other than their regular stop, at home, or at school unless s/he has proper authorization from school officials.

Videotapes on School Buses

The school board has authorized the installation of video cameras on school buses for purposes of monitoring student behavior.

If a student is reported to have misbehaved on a bus and his/her actions were recorded on videotape, the tape will be submitted to the principal and may be used as evidence of the misbehavior. Since these tapes are considered part of a student's record, they can be viewed only in accordance with federal law. Determination of how video cameras will be used and which school buses will be equipped with video equipment will be made by the administration. Signs are posted on each bus notifying students of the existence of video equipment.

Penalties for Infractions

A student who becomes a behavior problem on the bus shall be disciplined in accordance with the Transportation Student Discipline Code and may be deprived of the privilege of riding the bus.

BEHAVIOR EXPECTATIONS/DISCIPLINE INFORMATION

IC 20-33-8, IC 20-33-8-10, IC 20-33-8-12, IC 20-33-8-25

STUDENT BEHAVIOR

All students are expected to conduct themselves in a responsible manner by showing respect and trustworthiness. They will also show good citizenship through fair and caring interactions with others. Through cooperation, mutual respect, and self-discipline, students and staff will develop an environment at PHHS which will be conducive to learning.

CHEATING, PLAGIARISM & ACADEMIC DISHONESTY

It is important that parents and students understand the expectations for academic honesty. All student work should be the work of that student. No copying, plagiarism, or use of generative Artificial Intelligence is acceptable, whether intentional or unintentional. Each student is expected to be responsible for his or her work. Some examples of cheating or academic dishonesty include:

- a) Receiving or providing information during a test or for a test given in an earlier period.
- b) Using material on tests when the teacher has not given permission to do so.
- c) Violating the teacher's testing rules and procedures.
- d) Using somebody else's writing (word for word – or almost word for word) and presenting it as your own (plagiarism), or using somebody else's ideas and saying they are your own and not giving credit to that person/s.
- e) Using or copying another student's assignment to turn in as your own work.
- f) Allowing other students to use your work on assignments with the exception of specific group, lab, or collaborative projects.
- g) Inappropriate use of Generative Artificial Intelligence Programs.

There are other actions which may be considered cheating or dishonesty. The above list contains the most common ones.

Teachers have the prerogative to address cheating and plagiarism according to their classroom management plan and departmental policy. Students may also face additional consequences as determined by administration, such as detention, suspension, loss of credit, or due process.

Artificial Intelligence

Staff and students should use AI platforms and programs in a manner consistent with school policies, student rules

and responsibilities, and responsible use of technology. Users will be expected to maintain academic integrity and honesty as it pertains to cheating and plagiarism. Violations of such rules and responsibilities by staff and students will be subject to appropriate discipline for such violations.

TOBACCO USE

The use of tobacco products and/or possession of paraphernalia is **prohibited** on school grounds and property. This includes the use of e-cigarettes or any other type of vapor smoking device. If a student violates this regulation/rule, the appropriate discipline shall be issued, and local law enforcement will be called for this violation of Indiana law.

Note: An inappropriate boundary invasion by a district employee or other adult member of the school district community into a student's personal space and personal life is sexual harassment. Further, any administrator, teacher, coach, other school authority who engages in sexual or other inappropriate physical contact with a student may be guilty of criminal "child abuse" as defined in state law.

To report unwelcome sexual conduct, the accuser must inform administration of the incident. The punishment for sexual harassment is suspension or expulsion, depending on the seriousness of the offense.

ABUSE AND VIOLENCE IN SCHOOLS

The Prairie Heights Community School Board of Trustees realizes that acts of violence and abuse are becoming a more common factor in our society and work place. The board wishes to address these issues in the schools or on board owned property to make the workplace as safe as possible for students, faculty, support staff, administration, parents and visitors. This policy prohibits aggressive, abusive, threatening, harassing, or intimidating words or actions on the part of students, parents, faculty, staff and administration. Students who repeatedly engage in significant violations of the district's code of conduct, including this policy, will be expelled from school.

STUDENT DISCIPLINE RULES

School officials may find it necessary to discipline students when their behavior interferes with school purposes or educational functions of the school corporation. In accordance with the provisions of I.C. 20-33-8, administrators and staff members may take the following actions:

In cases where the student is being expelled for possession of a firearm, a destructive device, or a deadly weapon, the maximum length of the expulsion period is listed

under the Grounds for Suspension and Expulsion, Sections C and D.

POSSIBLE DISCIPLINARY CONSEQUENCES

1. Disciplinary Actions

Subject to Indiana law, school board policy and administrative rules, the superintendent, principal, any administrative personnel, or any teacher of the school corporation is authorized to take any action in connection with student behavior, which is reasonably desirable or necessary to help any student, to further school purposes or to prevent an interference with school purposes. 2. Required Participation By Parents

Persons having care of a dependent student (parents/ guardians/custodians) may be required to participate in meetings, conferences, and hearings in connections with a student's behavior. In the case of expulsion meetings, the parent/guardian/custodian may be required to attend a meeting to determine the educational future of the child (i.e. whether the child is removed from or retained in school or placed in an alternative program).

When participation in the above-stated gatherings is required, the school corporation shall notify the parent/guardian/custodian of the date, time, place, and purpose of the gathering in one of the following ways:

- 1) Telephone contact by a school official in advance of the meeting, conference, or hearing.
- 2) Delivery of written notice of the required attendance of the meeting, conference, or hearing prior to the scheduled meeting, conference, or hearing.

3. Non-Compliance of Parents

Non-compliance of parents/guardians/custodians with the provisions of this policy may be considered educational neglect with the child being considered a "child in need of services" in accordance with Indiana law. Where the child's behavior has been repeatedly disruptive in the school and the parent, guardian or custodian fails to participate in a disciplinary proceeding in connection with the child's behavior, the matter will be referred to Child Protective Services.

TEACHERS AS DISCIPLINARIANS: IC 20-33-8-9

Prairie Heights is an extension of your home. The teachers, whose work is to educate you, stand in the place of your parents and require the same respect that your parents deserve. One of the most important lessons education should teach is discipline. While it does not appear as a subject, discipline underlies the educational structure. It is the training that develops self-control, character, orderliness, and efficiency. Discipline is the key to good conduct and proper consideration for other people. POLICY ON DISTRICT-PROVIDED ACCESS TO ELECTRONIC INFORMATION, SERVICES AND NETWORKS

Freedom of expression is an inalienable human right and the foundation for self-government. Freedom of expression encompasses the right to freedom of speech and the corollary right to receive information. Such rights extend to minors as well as adults. Schools facilitate the exercise of these rights by providing access to information regardless of format or technology. In a free and democratic society, access to information is a fundamental right of citizenship.

In making decisions regarding student access to the Internet, the Prairie Heights School District considers its own stated educational mission, goals, and objectives. Electronic information research skills are now fundamental to preparation of citizens and future employees. Access to the Internet enables students to explore thousands of libraries, databases, bulletin boards, and other resources while exchanging messages with people

around the world. The district expects that faculty will blend thoughtful use of the Internet throughout the curriculum and will provide guidance and instruction to students in its use. **As much as possible, access from school to Internet resources should be structured in ways which point students to sites which have been evaluated prior to use. While students will be able to move beyond those resources to others that have not been previewed by staff, students shall be provided with guidelines and lists of resources particularly suited to learning objectives.**

Outside of school, families bear responsibility for the same cautious guidance of Internet use as they exercise with other information sources such as television, telephones, radio, movies, and other possibly offensive media.

Students utilizing district-provided Internet access must first have the permission of and must be supervised by the Prairie Heights School District's professional staff. Students utilizing school-provided Internet access are responsible for good behavior on-line just as they are in a classroom or in other areas of the school. The same general rules for behavior and communications apply.

The purpose of district-provided Internet access is to facilitate communications in support of research and education. To remain eligible as users, students' use must be in support of and be consistent with the educational objectives of the Prairie Heights School District. Access is a privilege, not a right. Access entails responsibility.

Users should not expect that files stored on school-based computers will always be private. Electronic messages and files stored on school-based computers may be treated like school lockers. Administrators and faculty may review files and messages to maintain system integrity and insure that users are acting responsibly.

The following uses of school-provided Internet access are not permitted:

- a. To access uploads, download, or distribute pornographic, obscene, or sexually-explicit material;
- b. To transmit obscene, abusive, or sexually-explicit language;
- c. To violate any local, state, or federal statute;
- d. To vandalize, damage, or disable the property of another individual or organization;
- e. To access another individual's materials, information, or files without permission; and,
- f. To violate copyright or to otherwise use the intellectual property of another individual or organization without permission.

Any violation of district policy and rules may result in loss of district-provided access to the Internet. Additional disciplinary action may be determined at the building level in keeping with existing procedures and practices regarding inappropriate language or behavior. When and where applicable, law enforcement agencies may be involved.

The Prairie Heights School District makes no warranties of any kind, neither expressed nor implied, for the Internet access it provides. The district will not be responsible for any damages users suffer, including, but not limited to, loss of data resulting from delays or interruptions in service. The district will not be responsible for the accuracy, nature, or information gathered through district diskettes, hard drives, or servers; nor for the accuracy, nature, or quality of information gathered through district-provided Internet access. The district will not be responsible for personal property used to access district computers or networks or for district-provided Internet access. The district will not be responsible for unauthorized financial obligations resulting from district-provided access to the Internet.

STUDENT ACTIVITIES CODE OF CONDUCT

Students who participate in extracurricular activities are representatives of both the activity and the school. The students assume additional responsibilities of leadership and conduct through this participation in the school and community.

A student participant is valued as a human being and is entitled to respect, dignity, and the opportunity to develop as a wholesome and complete individual. Activities provide the opportunity to develop self-discipline, self-esteem, and pride. Being the best one can be is accomplished through training and conditioning.

Extracurricular participation is an honor and a privilege, therefore requiring the participant to observe the student discipline policy while at the school and school functions, while traveling to and from school, during school hours, and during the summer. In light of this, the student and parents must review and sign the student code of conduct for verification.

The student code of conduct applies to participants of all extracurricular activities. These activities are defined as: (1) athletic activities: events as defined by the IHSAA and AAU (2) co-curricular activities: activities which require a student to take a class and receive a grade based upon participation in and out of school (3) extra-curricular activities: all club and organizations of the school which are not defined in 1 or 2.

Participants in activities are expected to be credible citizens and follow the guidelines as stated in the Prairie Heights High School Activities Code of Conduct. These guidelines are to be followed throughout the four years of participation. A violation of the code will result in disciplinary action. Violations occurring on school property will first be handled appropriately by the school disciplinary guidelines and secondly by the Activities Code of Conduct.

A student who has been designated as a Habitual Truant will not be allowed to participate or continue to participate in extracurricular activities and/or co-curricular activities.
